

# *The Sanderson Academy* 2016 Local Goods Catalog

# *Welcome to the 8<sup>th</sup> Sanderson PTO Local Goods Catalog*

One day a parent of Sanderson Academy children asked why don't we sell local goods instead of fundraising with a catalog of items from China? The answer is this catalog highlighting the impressive skills and talents of folks in our region.

We are grateful to all the vendors who have embraced this project. A portion of each sale is donated to the Sanderson PTO. An angel  marks those generous vendors who are donating 100% of their proceeds to the PTO projects. Funds from the catalog sales support our Afterschool Enrichment Program that has provided classes on cooking, Spanish, outdoor skills, magic, babysitting certification, soccer, baseball, wrestling, football, drama and art. Some funding has been used to provide an all-school field trip to see a performance at the UMass Fine Arts Center and for classroom enrichment items such as a Lego Robotics Program and a kiln for the Art Room. This year's fundraiser will be used for Early Release Day Programs and to help off-set the costs of a before-school exercise program along with school enrichment items. The sales also benefit our local businesses, farms, and artisans. In the last 7 years we have generated over \$125,00.00 in sales with over \$40,00.00 supporting the PTO. Thank you to all who purchase goods from our local vendors and make this possible. Enjoy!

*Thank you to our generous sponsors  
who help defray our printing costs.*

# Tasty Delights

## South River Miso

South River Miso is the only unpasteurized, certified organic miso available that is entirely handcrafted in the centuries-old Japanese farmhouse tradition. The central

and unique feature of our process is the long, slow cooking of the beans by wood fire for nearly 24 hours in a massive masonry stove. Our time-honored methods bring out the full flavor, rich texture, and dynamic digestive power of miso as it was known before the advent of modern food processing.

### Three Year Barley

Three Year Barley Miso is one of our most popular varieties because of its rich, hearty flavor. It is aged for at least three summer seasons. In macrobiotic circles, this variety is often recommended for healing diets. Its color ranges from dark pumpkin to russet as it ages.

T40 ..... \$13.25

### Hearty Brown Rice Miso

Dark, and nourishing, this miso is wonderful in soups, stews, and casseroles. It contains all the depth and power of the Three Year Barley Miso with the extra sweetness of brown rice. Black soybeans are also known for their rich sweetness and for their healing properties. Aged for a minimum of three summers.

T41 ..... \$13.25

### Chickpea Miso

Made with the sumptuous chick pea instead of soybeans, this variety brings a balanced, sweet flavor to the table.

T42 ..... \$13.25

### Sweet-Tasting Brown Rice Miso

Sweet, savory, and highly versatile, this caramel colored miso works well in light soups, salad dressings, and marinades.

T43 ..... \$11.00

### Azuki Miso

We believe this to be the only miso on earth made with the small red azuki beans, which are highly regarded for their nutritional and healing properties in Oriental medicine. Burgundy in color, this delicate miso is ideal for seasoning light soups, bean dishes, sauces, and dressings.

T44 ..... \$11.00

### Chickpea Barley

Instead of soybeans, we use the Chick Pea, staple of Middle Eastern peoples since ancient times, and one of the most easily digestible beans. Like its Three Year Barley cousin, this miso has a rich, hearty flavor with a well rounded taste. Aged for a minimum of three summers.

T45 ..... \$13.25

### Sweet White Miso

With its sweet, gentle flavor and smooth, creamy texture, Sweet White Miso has a low salt content (4 %) and a very short fermentation time (three weeks). It is delicious in spreads, dips, sauces and salad dressings, or for seasoning light soups.

T46 ..... \$11.00

### Garlic Red Pepper Miso

Fresh garlic and Turkish red pepper paste are combined with Chick Pea Miso for this warming, mildly spicy variety. Festive orange color. A touch of nettle greens and sea vegetables adds to its immune strengthening, healing properties. Aged for a minimum of three months.

T47 ..... \$13.50

### Dandelion Leek Miso

In April we gather Wild Leeks (*Allium tricoccum*, or Ramps) and cook them along with Dandelion greens, dried nettles, and Maine coast sea vegetables. Then these are hand chopped and mixed with Hearty Brown Rice Miso and Sweet Tasting Brown Rice Miso (already aged for three months). This mixture is then aged for one full summer.

## Summer Joy in Glass & Paint

by Scout Cuomo

This luscious original work is inspired by children jumping off the dock at Ashfield Lake. It is created with several layers of resin and paint making a delicately three-dimensional glass piece. This creates a high gloss surface and nuanced details of paint entrapped within layers. The frame is hand-made of birds eye maple. Measures 16" x 16" x 2" and stands 2" off the wall. It is signed and dated on the back and ready to hang. Scout Cuomo is an abstract impressionistic artist living in Buckland. Much of her work delves into the power and mystique of water. You can see more of her work on her website, [www.scoutcuomo.com](http://www.scoutcuomo.com).
